Multitasking MS-DOS
Beta Test Site

Dear Beta Tester:

At the request of your Microsoft Account Manager, your company has been selected as one of a small number of beta test sites for Multitasking MS-DOS, a new product currently under development. We request that you treat all information regarding this product as extremely confidential and are reminded that a non-disclosure agreement has been executed between our companies regarding the information we provide about this product.

Enclosed you will find Beta Test Release 1.0 of Multitasking MS-DOS Version 1.0. This release contains the following:

- Cover Letter
- Release Notes
- Command Guide
- Session Manager User's Guide
- Multitasking MS-DOS Beta Release Diskette
- Multitasking MS-DOS Beta Release BIOS Sample Sources Diskette

If you have not received all of the items listed above, have any problems installing the software or have errors to report please forward a completed Technical Assistance Request as outlined in the enclosed information.

Thank you for your cooperation during this beta test. We look forward to receiving your test results and comments about the product and will be contacting you regularly to obtain the results of your testing.

Sincerely;

Richard Dill
Technical Sales Support Manager
Microsoft OEM Group
